

Whole Class Responsibilities

Each of us helps care for our shared classroom.

1 Tidy your workstation

Put away your own materials and belongings. Leave your table and the floor around you clear.

2 Tidy our classroom

Return shared supplies to their places. Pick up what has been left behind and help leave the room ready for the next activity.

3 Stack chairs carefully and safely

Follow our classroom stacking routine. Move one chair at a time, keep walkways clear and ask for help when needed.

4 Sort waste into the correct bins

Put garbage, recycling and compost in the correct labelled bins. Check the label or ask if you are unsure.

Check your space. Notice what needs doing. Help one another.
